

She's Like

(Music and Lyrics by Paula Onysko)

Little girl in pig tails, sat on her swing
A broken bike, scraped knee, tears down her cheek
Chin up, mama said, big girls don't cry.
You only lose if you don't try.

She watched me grow, I watched her fade.
Til one day, the cancer swept her away.
Fearing I'd forget her face in my mind,
I prayed, my chin up high.

Chorus:

She's like the sun
She's like the rain
She's like a star, my hope in the dark.
She's like the wind guiding me home.

Life moves us on, now a babe of my own
Her eyes lit of fire; freckles on her nose.
She climbs on my lap and says mama don't cry
You say we win, each time we try

She's like the sun
She's like the rain
She's like a star, my hope in the dark.
She's like the wind guiding me home.

My sweet little star helps me to see
There's so much to live for, beyond memories
What I thought I'd lost, was buried inside
But hearts, can meet in the sky.

She's like the sun
She's like the rain
She's like a star, my hope in the dark.
She's like the wind guiding me home.
